

To whom it may concern

We have been customers of HRK for the past eighteen months. We have found their service to be professional and reliable. It is important to our business, and to our customers, that our point of sale is at all times hassle free, and HRK has ensured this. Although there were a few teething problems with the initial installation and set up, their ongoing support team has led to these problems being resolved as effectively as possible.

I would have no problem recommending the HRK system and especially the support given from the team to any business.

Yours sincerely,

Leigh MacKenzie
