It is with great pleasure that we can say we have been customers of HRK for the past 13 ~~years~~/months. The support we have received from HRK is highly professional and reliable. It is important to our business and to our customers that our Point of Sale is at all times "problem" free and HRK has ensured this with their high quality and consistent excellent service.

The benefits and features of the HRK system enables our business to operate efficiently. We have found the HRK system extremely "user friendly" and easy to operate. The system provides us with excellent stock control and management reports.

The HRK team responds quickly and professionally to all queries when required.

We would like to recommend the HRK Point of Sale System, especially the support and after sales service.

Regards
